# **ELECTION COMMISSION OF INDIA**

New Delhi, the 19th November, 1979

S.O. 3945.—In pursuance of clause (b) of sub-section (2) of section 116C of the Representation of the People Act, 1951, the Election Commission hereby publishes the Judgement of the Supreme Court of India dated the 7th November, 1979 in Civil Appeal No. 11(NCE) of 1978 against the judgement dated 6th December, 1977 of the High Court of Kerala, Ernakulam in Election Petition No. 18 of 1977. IN THE SUPREME COURT OF INDIA CIVIL APPELLATE JURISDICTION CIVIL APPEAL NO. 11(NCE) OF 1978

Ebrahim Sulaiman Sait

. . Appellant

M. C. Mohammed and another

.. Respondents

JUDGEMENT

GUPTA, J.

This is an appeal under section 116-A of the Representation of the People Act, 1951.

The election of the appellant to Lok Sabha from the Manjeri Parliamentary constituency in Kerala was declared void by the High Court of Kerala at Ernakulam on an election petition presented on May 3, 1977 by the first respondent who was an elector in that constituency on the ground that who was an elector in that constituency on the ground that the returned candidate was guilty of corrupt practice mentioned in sub-section (3A) of section 123 of the Act. The appellant was a candidate of the Muslim League; the second respondent before us contested the election as a nominee of a dissident group of the Muslim League described as "Muslim League (Opposition)" supported by, as stated in the election petition, "Janta Party and Marxist Party".

#### Section 123 (3A) reads:

"123. Corrupt practices. The following shall be deemed to be corrupt practices for the purposes of this Act:-

(3A) The promotion of, or attempt to promote, feelings of enmity or hatred between different classes of the citizens of India on grounds of religion, race, caste, community, or language, by a candidate or his agent or any other person with the consent of a candidate or his election agent for the furtherance of the prospects of the election of that candidate or for prejudicially affecting the election of any candidate."

It is said that during the election campaign the appellant made a speech in English at a place called pullickal within the said constituency and a report of this speech translated in to Malyalam appeared in the local daily CHANDRIKA in its issue of March 17, 1977 which, it is alleged, falls within the mischief of section 123(3A). The election petition contains several other allegations but as the decision of the High Court is based on this ground only, it is not necessary to refer to them. As already stated, the report of the speech (Ext. P-6) is a translated version in Malyalam of the substance of the speech delivered in English.

Mr. Nariman appearing for the appellant contended that as the full text of the speech was not available, it would be unsafe to draw any conclusion from the speech as reported. This contention which was also raised before the High Court is in our opinion, adequately answered in the impugned judgment. The High Court says:

"It is true that Ext. P-6 does not purport to contain the full speech, but the important aspect which has to be noted is that no contention has been raised in the written statement to the effect that there were other portions in the speech of the first respondent which mitigated the evil contained in Ext. P-6.......... When the 1st respondent gave evidence as R.W.1 there was not even a distant suggestion that for want of production of the entire speech Ext. P-6 could not be relied on. Again, when the petitioner gave evidence as P. W. 1 no question was asked to him regarding the other matters, if any, spoken by the first respondent."

The first respondent in High Court is the appellant before us. In this affidavit answering the allegations made in the election petition, the appellant admits that though it was not possible for him "at this distance of time to recall" what exactly he had stated in the speech, "the reporter's version of the speech does more or less tally" with the views expressed by the appellant in the meeting. We are therefore unable to agree that the report of the speech, Ext. P-6, cannot be relied on.

The speech as reported in CHANDRIKA is as follows:

"The Indian Union Muslim League President Sulaiman Sait said at Pullickal today that the Society will never forgive the anti-religious league people. It is because these people had helped the Jana Sangh which had killed many Muslims in Northern India and at Tellicherry and had burnt the Sacred mosques. There people had also been leading the poor Muslims towards the camp of communal reactionaries and therefore society can never forgive them,

- He said that these anti-religious people were by spreading lies and false propaganda blackening the faces of the leaders and giving away the secrets of our society to marxists and the Hindu leaders. He reminded the anti-religious league that by doing this they were destroying that institution which was fed and brought up by Merhyum Khaode Millat Ismail Sahaib and Bafaki Thangal.
- He continued that Janata Party, which is formed under the guidance of Jana Sangh is an orphanage of all those political leaders who did not secure any seats or who had senarated from their original party. These parties, he said, will not be allowed to see the assembly or parliament. He made it very clear that the anti-religious parties must not entertain the fat hopes of securing the votes of any Muslim, was flowing in whose head the Islam's blood was flowing.

Janab Sait Sahib was addressing a large gathering at the public meeting of the united front held at Pullickal. The meeting was presided over by Charukovu Panchayat President P. P. Abdul Gafoor Moulavi. The meeting was inaugurated by P. P. Ummarkoya."

Mr. Nariman submitted that it was necessary to ascertain the true scope and effect of sub-section (3A) of section 123 before considering whether the speech fell within the mischief of that sub-section and for that purpose, according to Mr. Nariman, section 123(3A) must be read with section 125 of the Act. Part VII of the Representation of the People Act, 1951 deals with "Corrupt Practices and Electoral Offences". Section 123 is in Chapter I of Part VII which catalogues the Corrupt Practices and section 125 is in chapter III of that Part which lists the Electoral Offences. Section 125 provides;

"125. Promoting enmity between classes in connection with election.—Any person who in connection with an election under this Act promotes or attempts to promote on grounds of religion, race, caste, community or language, feelings of enmity or hatred, between different classes of the citizens of India shall be punishable with imprisonment for a term which may extend to three years, or with fine, or with both."

It is rue that the act that is called a corrupt practices in section 123(3A) is also what constitutes an electoral offence under section 123 but to attract 123(3A) the act must be done by the candidate or his agent or any other person with the consent of the candidate or his agent, and for the further-ance of the election of that candidate or for prejudicially affecting the election of any candidate, but under section 125 any person is punishable who is guilty of such an act and the motive behind the act is not stated to be an ingredient of the offence. We do not find any reason why the two provisions, section 123(3A) and section 125, must be read together to ascertain the scope and effect of section 123(3A). Mr. Nariman's contention is that reading section 123(3A) in the light of section 125 we should hold that incitement to violence or likelihood of public disorder is one of the requirements of the corrupt practice mentioned in section 123(3A) and that in the absence of any evidence in this case on that aspect, the corrupt practice alleged against the appellant canaspect, the corrupt practice alleged against the appellant cannot be said to have been established. Mr. Nariman referred to Kedar Nath Singh v. State of Bihar (1) in support of his contention. In Kedar Nath's case, in order to save section 124A of the Indian Penal Code, (which makes sedition an offence) from being questioned as infringing the freedom of speech and expression guaranteed by the constitution, this court limited the application of the provision to acts involving intention or tendency to create disorder, or disturbance of intention or tendency to create disorder, or disturbance of law and order, or incitement to violence. Whether the electoral offence mentioned in section 125 of the Act should be read as requiring a similar ingredient does not arise for consideration in this case; in our opinion the provisions of section 125 are not relevant to ascertain the scope and application of section 123(3A). As to whether section 123(3A) can be impugned on the ground that it violates article 19(1)(a) of the Constitution, the question has been answered in Jumuna Prasad Mukhariya and others v. Lachi Ram and others(2). In that case this court overruled the contention that sections 123(5) and 124(5) of the Representation of the People Act, 1951, as the provisions stood at the time, were ultra vires Article 19(1)(a) of the Constitution. Section 124(5) which made "systematic appeal to vote or the content of the content of the companity of castle processing the castle processing refrain from voting on grounds of caste, race, community or religion" a "minor" corrupt practice is similar to section 123(3A) of the Act as it stands now. Bose J. speaking for the Court in Jumuna Prasad's case observed: "These laws do not stop a man from speaking. They merely prescribe conditions which must be observed it he wants to enter Parliament. The right to stand as a candidate and contest an election is not a common law right. It is a special right created by statute and can only be exercised on the conditions laid down by the statute. The Fundamental Rights chapter has no bearing on a right like this created by statute. The appellant have no fundamental right to be elected members of Parliament. If they want that they must observe the rules. If they prefer to exercise their right of free speech outside these rules, the impugned sections do not stop them. We hold that these sections are intra vires." We are therefore unable to accept the constructions of section 123(3A) as suggested by Mr. Nariman.

Mr. Nariman's next contention was that a political party could not be described as a "class" in the sense in which

the expression "classes of the citizens of India" has been used in section 123 (3A), that whatever the appellant had said in his speech was directed against a political party. Muslim League (Opposition), and therefore the speech did not fall within the mischief of that provisions. We do not find it necessary to consider whether a political party is a 'class' within the meaning of section 123(3A). The question for decision is whether the speech delivered by the appellant promoted or attempted to promote feelings of enmity or hatred between different classes of the citizens of India on the ground of religion. A speech, though its immediate target is a political party, may yet be such as to promote feelings of enmity or hatred between different classes of citizens. It is the likely or hatred between different classes of citizens. It is the likely or hatred between different classes of citizens. It is the likely or hatred between different classes of citizens. It is the likely or hatred between different classes of citizens. It is the likely or hatred between different classes of citizens. It is the likely or hatred between different classes of citizens. It is the likely or hatred between different classes of citizens. It is the likely or hatred between different classes of citizens. It is the likely or hatred between different classes of citizens. It is the likely or hatred between that has to be considered. We also find no substance in another contention urged by Mr. Nariman that section 123(3A) was inapplicable to this case because the appellant and the candidate of the Muslim League (Opposition) were both Muslims. This Court in Kultar Singh v. Mukhtier Singh (3) held that a corrupt practice under section 123 "can be committed by a candidate by appealing to the voters to vote for him on the ground of his religion".

The following portions of the speech reproduced above have been alleged as objectionable:

The first paragraph of the speech as reported contains a statement that the society will not forgive the anti-religious League People, meaning the Muslim League (Opposition), because of their alliance with Jansangh that had killed many Mulsims in Northern India and also at Tellicerry and had burnt mosques and, further, that these people had been driving the poor Muslims to the camp of the communal reactionaries. In the second paragraph of the report, it is alleged that these anti-religious people were giving away the secrete of "our society" to "Marxists and Hindu leaders". The third paragraph states that the speaker made it clear that these anti-religious portion must not entertain the hope of securing the votes of Muslims "in whose head the Islam's blood was flowing". Mr. Nariman submitted that the allegations as regards the killing of Muslims and the burning of mosques were based on facts and he referred to the report of the Commission of Inquiry that investigated the facts relating to the disturbances' which took place in Tellicherry in 1971. In our opinion truth is not an answer to a charge of corrupt practice under section 123(3A); what is relevant is whether the speech promoted or sought to promote feelings of enmity or hatred as mentioned in that provision. If it is found that this was so, than it is immaterial whether what was said was based on facts or not, especially when in this case the events mentioned occured years ago.

Turning now to the speech, the allegations of killing of Muslims and burning of mosques appear to have been made against Jana Sangh which is a political party. It is not claimed that this is a party whose membership is restricted to Hindus only. The members of the Muslim League (Opposition) are described as "anti-religious people" but as held by this court in Kanti Prasad Jayshankar Yagnik v. Purshottamdas Ranchhoddas Patel and others(4). the law does not place any bar on describing a party as irreligious. Then it is said that these people were "giving away" the "Secrets" of the Muslim society to "Merxist and the Hindu leaders". It is not clear what was the nature of the "secrets" which were being passed on to the Hindu leaders and to the Marxists. It is to be noted that the recipients of the information were not only the Hindu leaders but the Marxists as well. The speech appears to have ended with the assertion expressed in rather high flown language that the anti-religious parties had no hopes of securing the vote of any Muslim "in whose head the Islam's blood was flowing".

Reading the speech as a whole it cannot be denied that its tone is communal, but in this country communal parties are allowed to function in politics. That being so, how an appeal to the voters, such as the one made in the speech in question, should be viewed in the context of corrupt practices mentioned in the Act, has been explained by Gajendragadkar C.J. speaking for the Court in Kultar Singh v. Mukhtiar Singh(3):

"It is well-known that there are several parties in this country which subscribe to different political and economical ideologies, but the membership of them is either confined to, or predominantly held by, members of particular communities or relaions. So long as law does not prohibit the formation of such parties and in fact recognises them for the purpose of election

and parliamentary life, it would be necessary to remember that an appeal made by such candidates of such parties for votes may, if successful, lead to their election and in an indirect way, may conceivably be influenced by considerations of religion, race, caste, community or language. This infirmity cannot perhaps be avoided so long as parties are allowed to function and are recognised, though their composition may be predominantly based on membership of particular communities or religion."

To indicate the effect of the speech on the minds of the ordinary voters, the election petitioner examined two witnessees, P.W. 2 and P.W. 4. P.W. 2 P. C. Mohammed said that after listening to the appellant's speech, "the muslim voters looked with hatred at those people who stood against them", but when questioned as to which sentence in the speech attempted to promote the feeling of hatred, the witness referred to the first sentence and he himself went on to say that "what the sentence really means is that it is not proper to unite with Jana Sangh". P.W.4 Hidre also said in the beginning that the speech was "intended to destroy communal harmony", but he himself admitted later in his testimony that the only effect of the speech was that after the meeting people were saying that "the Opposition League candidate must be defeated". It seems to us that the speech sought to criticise the wrong policy of the Muslim League (Opposition) in aligning with parties that were allegedly responsible for atrocities against the Muslims and not just to emphasise the atrocities. In our opinion it cannot be said that the speech falls within the mischlef of section 123(3A) of the Act; we have reached this conclusion keeping in mind the well established principle that the allegation of corrupt practice must be proved beyond reasonable doubt.

The appeal is allowed with costs and the election petition is dismissed.

# REFERENCE:

Order F. No. L. 12011/71/77-D II A dated 2-5-1978 Ministry of Labour, Government of India.

This Dispute coming on for final hearing on Saturday the 29th day of September, 1979, upon perusing the reference claim and counter statements and all other material papers on record and upon hearing the arguments of Thiru A. L. Somaya for Tvl. Aiyar and Dolia and U. Padmanabhan Advocates for the workman and of Thiru S. Kothandaram, Assistant Law Officer of the Bank for the Management and having stood over till this day for consideration, this Tribunal made the following.

## **AWARD**

This is an Industrial dispute between the workmen and the Management of Central Bank of India referred to this Tribunal for adjudication under Section 7-A read with Clause (d) of sub-section (1) of section 10 of the Industrial Disputes Act, 1947 (14 of 1947) by the Central Government Order No. F. No. L-12011/71/77-D. IJ. A dated the 28th April 1978 of the Ministry of Labour, Government of India, New Delhi in respect of the following issue:

- "Whether the action of the Central Bank of Indla in unilaterally withdrawing the payment of Hill and Fuel Allowance to their employees employed in Mepadi Branch, South Weynad, with effect from February, 1977 is justified? If not to that relief are the employees concerned entitled and from what date?"
- 2. The Respondent is the management of Central Bank of India Divisional Office Ernakulam, Kerala State. The management is a Banking Company incorporated under the Banking Regulation Act with Registered Office at Bombay

and represented by its Chairman. The workmen employed by the Central Bank of India including the one at Meppadi Branch, South Weynad, Kerala State represented by Central Bank of India Employees' Union had filed the claim statement in this dispute. It is common ground that the conditions of service of the workmen of the Respondent Central Bank of India are governed by the provisions of the settlement dated 8-11-1973 entered into between banks including the respondent management Bank herein and the workmen represented by the All India Bank Employees' Association of which the Central Bank of India Employees' Union is an affiliate. The printed copy of the aloresaid settlement is marked as Ex. W-8. Under Clause III Sub-Clause 'C' (B) and Sub-Clause 'd' (B) the employees working in the branches, in localities declared as 'Hill Stations' by the Statel Central Government rules are entitled to Hill and Fuel Allowance at the rates prescribed therein. The short point for consideration would be whether the workmen employed by the Respondent Bank working in Meppadi in South Weynad, Kerala State would come under the category of the Hill Station and as such would be entitled to the allowances referred to above, It is also undisputed that the workmen of the Respondent Bank working at Meppadi in South Weynad, Kerala State were in fact paid Hill and Fuel Allowances from 1-1-1972 upto the end of February 1977. While so on 7-3-1977 the Respondent Management Bank informed its employees working at Meppadi South Weynad, Kerala State that they will not be entitled to Hill or Fuel Allowance Ex. W-1 is the copy of the communication of management receive by the Union. Immediately, on 25-3-1977 the Union under the original of Ex. W-2 protested agianst the stoppage of Hill and Fuel Allowances by the management to its employees at Meppadi Branch Weynad Kerala State. The only ground on which the Respondent Bank seeks to justify their decision is that Meppadi Branch work weynad, Kerala State would not be entitled to Hill and Fuel Allowances u

- 3. There is uncontradicted evidence of the fact that the Meppadi Branch lies at a height of 4,000 ft, above the mean sea level. It is obviously situated at a height of less than 4,000 ft, above the sea level. It should also be remembered that if the Bank is situated at a height of 4,000 ft, upto 5,000 ft, then as per the provision of clause III Sub Clause C of Ex. W-8 the employees will be entitled to the Hill and Fuel Allowance at the rate of 10 per cent of Pay and a minimum of Rs. 15 per month. As seen from the Government of Kerala Service Rules Volume I Part I and II Fourth Edition (First Reprint) corrected upto 30th April 1978 and published by the Finance Department of the Government of Kerala in 1978, Rule 44 of Part I empowers the State Government. At this stage I may extract hereby Clause IV and the localities which have been recognised as hilly to justify special compensatory allowances are:—
  - Portions of Devicolom, Peermade. Udumbanchola, Pathanamthitta, Pathanapuram, Dedumangad and Neyyattinkara Taluks referred to in para 1, under 'A Class I Tracts' in Appendix IX.

. This amendment shall be deemed to have come into force with effect on and from 2-2-1970.

- The hill stations of Chalakudy and Trichur referred to in Appendix IX.
- Pudusseri Fast Village in Palghat Taluk referred to as item 5 under the sub heading 'Class I Tracts' in Appendix IX.
- 4. The Weynad and Attapadi Valley.

Compensatory Allowances as specified below shall be granted to officers stationed in the hill stations specified above.

| Class                                                                   | Rate of compensate<br>Allowance per mon |  |
|-------------------------------------------------------------------------|-----------------------------------------|--|
|                                                                         | Rs.                                     |  |
| Officers whose salary is less than Rs. 300 per mensem                   | 30                                      |  |
| Officers whose salary is Rs. 300 and above but below Rs. 600 per mensem | 40                                      |  |
| Officers whose salary is Rs. 600 and above per mensem                   | 50                                      |  |

4. It may be noted that Weynad comes under (4) Even according to the Management Meppadi branch has been declared only as a Hill Tract under the Kerala Service Rules and therefore all hilly localities cannot be equated to hill stations. In paragraph 3 of the counter statement filed on behalf of the management it is stated "Under State Service Rules Meppadi Branch has been declared only as a Hilly tract". The learned authorised representative for the Bank submits that any locality in a hilly tract cannot necessarily be held to be hill station. I am unable to agree with this submission and here are my reasons. Clause IV of Appendix IV of the Kerala Service Rules mention the localities which has been recognised as a hilly area to justify the special compensatory allowance. as a hilly area to justify the special compensatory allowance. Several places are specifically mentioned. It may also be remembered as I have already pointed out earlier if only Meppadi branch was situated a few feet at a higher level, it would have reached the status of category A as envisaged under the settlement Ex. W-8 at page 8. The trouble has arisen because the height of Meppadi branch falls a few feet short of 4,000 feet under Clause B. The Central and State Governments can declare a station as hill station irrespective. Governments can declare a station as hill station irrespective of their height and therefore, when even according to the Respondent Management Meppadi has been declared as a hilly tract under the Kerala Service Rules and its height is about 4,000 ft., it is too much to accept the contention of the management that Meppadi branch cannot be considered to be a hill station. The word hilly locality as such is generic term used to include hill stations and hill tract in the rules of Kerala Government. A perusal of the details furnished in Appendix IV Clause IV and Appendix IX of the Kerala Service Rules would lead one to the conclusion that Hilly locality is used synomymous with the word hill station and hill tract. It is also to be remembered as per Appendix IX hilly localities hill station include the hill tracts. Further more the compensatory allowance will be granted to officers stationed in the 'Hill Station' specified above would further justify this conclusion. There is also another circumstance to conclude that Meppadi branch should be considered as a hill station because the management had been paying allowance to the employees at Meppadi branch in Weynad from 1-1-1972 upto February, 1977. The Tahsildar, South Weynad Branch is also said to have issued a certificate on 25-3-77 to the effect that Weynad is a whole is classified as Clause II Hill Station under Appendix IV of Kerala Service Rules Vol. I for the purpose of grant of Special Pay and compensatory allowance for the State Government employees (vide Ex. W-3). For the reasons mentioned above it must be held that the workmen at Meppadi Branch Weynad Kerala State must be held to be entitled to hill and fuel allowances as per settlement Ex. W-8 page 8 and 9.

5. On behalf of the Union, it is further submitted that the employees of the Bank working at Meppadi Branch, South Weynad, Kerala State were paid this Hill and Fuel Allowances continuously five years from 1-1-1972 and hence the action of the Management Bank without a notice under Section 9A of the Industrial Dispute Act 1947 altering the service condition and without a notice of termination under Section 19, I.D. Act, must be held to be illegal. According to the management, the fact that the employees were in receipt of these allowances for 5 years from 1-1-1972 cannot be considered to be any condition of service. In Indian Factory Journal Volume 33 page 457 (In the Supreme Court) Indian Overseas Bank Limited Vs. their workmen M. Hidayathullah and C. A. Vaidialingam JJ. August 16, 1967) the Supreme Court had occasion to deal with the stoppage of 'Key allowance' to its employees. The management contended that the payment made cannot be considered to be condition of services but the Supreme Court rejected the claim and held that the aforesaid allowance must be treated as a term and condition of services and before it could be withdrawn a

notice of change in the conditions of service he given in Form E appended to the Industrial Disputes (Central) Rules 1957 under Section 9-A of the Industrial Disputes Act 1947 and rule 34 of the Rules. Therefore, in the present case when conditions of service are sought to be changed, it can be done only by taking apppropriate proceedings under Section 9-A of the Industrial Dispute Act, 1947. It may be noted that the Respondent Bank does not contend that any such notice was in fact issued as contempcontend that any such notice was in fact issued as contemplated under law. The intimation of the Bank given to its employees under the original of Ex. W-1 cannot by any stretch of imagination be held to be a notice under Section 9-A or even under Section 19 of the Industrial Dispute Act, 1947. To a similar effect is also the decision rendered by the Supreme Court in 1975 Labour Industrial Cases page 1429 AIR 1975 Supreme Court 1856 (From: Industrial Tribunal, Gauhati) A. N. Ray, C. J. K. Mathew, V. R. Krishna İyer and S. Murtaza Fasl Ali JJ). In that case also the management relying on a circular issued by the Central the management relying on a circular issued by the Central Government without giving any notice to its workers withdrew the concession of the compensatory allowance which had been granted to the workers from September 1959 upto July 1960. The Supreme Court held that the grant of compensatory allowance was an implied condition of service and by withdrawing this allowance, the employer sought to effect a substantial change which adversely and materially affected the service conditions of the workmen for all time to come. In those circumstances, Supreme Court pointed out that Section 9-A of the Industrial Dispute Act was clearly applicable and Section 9-A has not been complied with and the with-drawal of the concession of the Compensatory allowance was clearly illegal. It should also be noted that the allowances were not granted to the workmen herein only by way of an interim measure which could have been withdrawn at the will of the employer. The aforesaid allowances had been granted to the workmen from 1-1-1972 upto February 1977. It may also be noted that the settlement under Ex. W-8 took place even on 8-11-73. Moreover in the case before Supreme Court the compensatory allowance had been granted to the workmen for only 10 months and if that is so a fortlarord with greater force, it must be held in the present case, that Section 9-A of the Industrial Dispute Act was clearly appll-cable and Section 9-A has not been complied with and the withdrawal of the concession of the compensatory allowance must be held to be illegal.

- 6. The learned counsel for the workmen Thiru Somayaji also points out that the present long drawn proceedings could have been averted if only the management had resorted to specific provision in the settlement Ex. W-8 on 8-11-1973 namely Class XI. Admittedly the employees had been paid this compensatory allowance from 1-1-1972 even upto February 1977. If only the Indian Banks Association entertained any doubt as to whether the employees of Meppadi branch would be entitled to Hill and Fuel allowances as contemplated under Settlement Ex. W-8 certainly they could have easily taken up the matter at the level of the Indian Banks' Association and the All India Bank Employees' Association for discussion and settlement, For reasons not disclosed the Respondent management merely relied on an advice tendered by the Indian Banks Association. It is an unilateral decision by the Indian Banks Association without any reference to workmen or Union.
- 7. Looked at from any angle the action of the management in having withdrawn the Hill and Fuel allowances cannot be justified.
- 8. In the result an award is passed holding that the Respondent Banks action in withdrawing the payment of Hill and Fuel allowance to their employees at Meppadi Branch in South Weynad, Kerala State with effect from February 1977 is unjustified and that the aforesaid employees are entitled to be paid the said Hill and Fuel allowance with effect from February 1977. As the Respondent management has not even invoked the provisions of the settlement Ex. W-8 resulting in the present long litigation I also direct the Respondent Bank to pay a cost of Rs. 300 to the Union (Central Bank of India Employees' Union, Quilon).

## New Delhi, the 23rd November, 1979

S.O. 3993.—In pursuance of section 7 of the Iron Ore Mines Labour Welfare Cess Act 1961 (58 of 1961), the Central Government hereby publishes the following report of the activities under the said Act, during the year ending the 31st day of March, 1978, together with a statement of accounts for that year.

# PART I

(a) General:—The Iron Ore Mines Labour Welfare Cess Act, 1961 was enacted to provide for levy and collection of cess from the iron ore and for financing activities to promote the welfare of the labour working in the iron ore mining industry. The Act came into force on the 1st October, 1963 and was extended to the Union territory of Goa, Daman & Diu on the 1st October, 1964. The Act provides for the levy of a cess at a rate not exceeding 50 paise per metric tonne of Iron ore produced. However, the present rate of levy is 25 paise

per metric tonne. The proceeds of the cess are utilised mainly for improvement of public health and sanitation, prevention of diseases, provision and improvement of educational facilities, medical facilities and water supply schemes, amelioration of social conditions, provision of recreational facilities. The welfare facilities cover workers employed directly or through contractors.

- 2. The Iron Ore Mines Labour Welfare Cess. (Amendment) Act, 1970, providing for a change in the existing procedure of collection of cess on iron ore, came into force on 1-10-74. Under the amended Act, the cess is levied as a duty of customs on the iron ore exported, and as a duty of exise on iron ore consumed internally. Consequent upon the coming into force of the amended Act, a Central Cess Commissioner has been appointed who is responsible for watching the amount of cess collected in respect of internal consumption of iron ore. The collection of welfare cess as a duty of customs is made by the department of Customs who are paid 1/2 per cent towards collection charges.
- 3. During the year under review, 23 existing welfare schemes were continued to be implemented. One more scheme for providing medical facilities to mental patients was formulated. It provides for expenditure on miners who are mental patients for hospitalisation for a period of six months extendable upto one year, and payment of subsistance allowance at the date of Rs. 50/- per month for 9 months to their dependants, payment of railway fare for their admission to hospital and back, etc.
- (b) Welfare activities :—The welfare activities under different heads financed during the year from the welfare Fund are indicated below :—
- i(i) Medical facilities:—Medical facilities were provided free of cost to the iron ore workers getting a basic pay upto Rs. 500/- per month and their dependants, in the following hospitals/dispensaries etc. established by the Organisation in different iron ore producing states:—

Besides, beds were continued to be reserved for the exclusive use of Iron Ore miners and their families in T.B. Sanatorium and other hospitals. (45 such beds for Bihar region

- and 32 beds for Orissa region were reserved in the Mahadevi Birla Sanatorium, Ranchi). In Madhya Pradesh, 4 beds were reserved in the Bhilai main Hospital of the Hindustan Steel Ltd. and 5 general beds were reserved in the district head-quarters hospital Keonjhar for the use of miners and their dependants. The services of 2 part-time doctors were also continued for providing medical services to Iron Ore Mine Workers in Andhra Pradesh.
- 2. The progress in the construction of the two 50-bedded Central Hospitals at Barajamba (Bihar) and Joda (Orissa) was maintained during the year.
- 3. A total expenditure of Rs. 43.66 lakhs was incurred on the provision of medical facilities to the Iron Ore Mine Workers and their dependants during the year under report.

## (ii) HOUSING FACILILTIES

Provision of housing accommodation for iron ore minera is one of the main activities of the Organisation. To increase the pace of construction of such houses, the subsidy permissible under the Low Cost Housing Scheme (renamed as Type I Housing Scheme) was increased with effect from 1-11-75 from Rs. 2250/- per house to 75 per cent of the Standard estimated cost of Rs. 6825/- per house in ordinary soil areas; or 75 per cent of the actual cost of construction of the house, whichever was less. (As a result of certain other important amendments made in the scheme, 20 per cent of the admissible subsidy became puyable to the managements as advance with the issue of the work order.) The monthly rent payable by the allottees of the houses constructed under this scheme is Re. 1/- per month which includes charges for electricity and water. This rent is to be utilised by the mine owners towards maintenance and repairs of the houses. The quantum of financial assistance payable to the iron ore miners under the 'Build Your Own Houses Scheme' was increased from Rs. 450/- per house to Rs. 1500/- (Rs. 600/- in the form of subsidy and Rs. 900/- in the form of interest-free loan recoverable in monthly instalments spread over a period not exceeding 9 years.) The subsidy under the New Housing Scheme (for coal miners which has also been extended for the benefit of iron ore miners) was raised from Rs. 4000 per house to 75 per cent of the standard estimated cost of Rs. 11,325 in ordinary areas and Rs. 13,425 in black cotton or swelly soil areas or 75 per cent of the actual cost of construction, whichever was less.

2. Under the various housing schemes, a total number of 12436 houses had been sanctioned for construction from the inception of the Fund. Out of these 8045 houses have so far been completed and 919 houses were reportedly under construction. The total expenditure from the Fund for providing housing facilities in the year under report was Rs. 62.29 lakhs.

# (iii) WATER SUPPLY FACILITIES:

Out of 35 Water Supply Schemes sanctioned in various regions since the inception of the Fund, 21 have so far been completed. The rest were reportedly in progress. 75 wells have so far been sunk in different regions. The total expenditure on water supply schemes during the year under report was Rs. 9.35 lakhs.

# (iv) EDUCATION AND RECREATIONAL FACILITIES :—

The educational and recreational facilities provided to the iron ore mine workers and their families which were financed from the Fund included 35 Multipurpose Institutes, 3 Welfare Centres, 5 Women-cum-children Welfare Centres, 9 Cinema Units, 2 Holiday Homes and 148 Radio Centres, Grants-in-aid were sanctioned to mine owners for organising sports, games, tournaments, etc., in the Madhya Pradesh region. The 5th Inter-State Sports meet of iron ore miners was held at Noamundi, Bihar region. Scholarships were also continued to be given to the children of iron ore mine workers studying in schools, colleges and technical institutions in accordance with the approved scheme. The mid-day meals scheme for the school children was continued in Madhya Pradesh and Goa regions. The rate for supply of mid-day meals was enhanded from 50 to 75 paise per child per day. Uniforms were also supplied to the Primary School going children of iron ore miners in some regions, The total amount spent on these facilities during the year under report was Rs. 19.22 lakks.

- (v) Other activities :-
- (a) Co-operative Stores: The Central Consumer Cooperative Store with four primary stores in Bihar region and 2 primary stores in Goa region continued to function for the benefit of iron ore mine workers.
- (b) Fatal ad serious accident benefit scheme: The scheme for financial benefits to widows and children of victims of accidents was also continued during the year under report.

## ΛWARD

The Government of India, Ministry of Labour, by their Order No. L-32011(3)/77-DO-IV(A), dated 7th May, 1977 referred an industrial dispute existing between the employers in relation to the management of Calcutta Port Trust and their workmen, to this Tribunal, for adjudication. The schedule to the order of reference reads as :

- "Whether the demand of Sanitary Inspectors and Sanitary Sub-Inspectors of the Health Section under the Chief Medical Officer of the Calcutta Port Trust for payment of cycle allowance is justified? If so, at what rate should the cycle allowance be paid and to what other relief, if any, are these workmen entitled?"
- 2. The case pleaded on behalf of the workmen may be briefly stated. The Sani'ary Inspectors and Sanitary Sub-Inspectors are supervisory staff, twenty men altogether, of the Health Section under the Medical Department of the Calcutta Port Trust. They are required to travel several kilometres every day, in discharge of their official duties, to look after the conservancy and allied works in the Port area. For the efficient performance of their duties the Port area. For the efficient performance of their duties the Port Trust supply cycles to the Sanitary Inspectors and Sanitary

Sub-Inspectors. When these cycles go out of commission they are repaired at the workshop of the Calcutta Port Trust, tree of charge.

- 3. Most of the cycles were supplied in 1947 and some were supplied later. Many of these cycles have become immobile due to wear and tear.
- 4. The system of repairing of cycles in the workshop of the Port Trust continued satisfactory upto the year 1960. Since then Sanitary Inspectors and Sub-Inspectors have been facing much hardship and some financial loss because the cycles sent to the workshop for repairs are seldom returned without abnormal delay and the repairs are also not always satisfactory.
- 5. The supervision of conservancy work cannot be neglected and the Sanitary Inspectors and Sub-Inspectors have to perform their duties twice a day spread over from 6 a.m. to 5 p.m. by hiring cycles or by incurring expenses for repairs from their own pockets as and when necessary. The Port Administration refuses to reimburse the costs of repairs.
- 6. The Calcutta Port Shramik Union took up the case of these employees and requested the Port Trust to withdraw supply of cycles and pay the workman a consolidated sum as cycle allowance at the rate of Rs. 30 per month and treat them on the same footing with other comparable categories of employees who are in receipt of Rs. 30 per month by way of conveyance allowance. Attention of the Port authorities have also been drawn to the fact that under the Central Government Rules, employees whose average monthly travel exceeds 201 kilometres are entitled to Rs. 35 per month as conveyance allowance.
- 7. Although negotiations have been held, the Port Trust could not be pursuaded to pay Rs. 30 per month as cycle allowance to the Sanitary Inspectors or Sub-Inspectors. At a late stage, the administration made an offer to pay Rs. 10 per month which is the same as cycle allowance paid to cycle peons. These cycle peons travel a shorter distance for official duties. The dispute was taken up by the Assistant Labour Commissioner (Central), Calcutta, Government of India for conciliation which ended in failure.
- 8. It may be stated that by their rejoinder the workmen have claimed Rs. 50 per month as cycle allowance and a personal allowance of Rs. 30 per month with retrospective effect in place of Rs. 30 as originally pleaded in the written statement filed on their behalf by the Union.
- 9. In their written statement the Port Trust has stated that a number of Sanitary Inspectors and Sanitary Sub-Inspectors are employed in the Health Officer's establishment. Each Sanitary Inspector is required to supervise the units dealing with conservancy sanitation and other public health work including preventive inoculation and vaccination in a well delineated area within the Port Trust estate. For efficient discharge of their duties the Sanitary Inspectors and Sub-Inspectors have been provided with certain free facilities i.e. rent free quarters and free cycles.
- 10. The Calcutta Port Shramik Union, representing the concerned workmen demanded payment of cycle allowance of Rs. 30 per month in lieu of free cycle provided by the Trustees as far back as 1972. The demand was discussed at different levels including the level of the Chairman of the Trustees. An offer of Rs. 10 per month as cycle allowance in addition to the free cycle was made to each Sanitary Inspector and Sanitary Sub-Inspector to enable them to meet the expenses for petty repairs. The said offer was not accepted by the concerned workmen. The nature of work of the concerned workmen is such that the use of cycle is essential. Even if public conveyance are available in their zones of work, it will not help them in carrying out their duties.
- 11. In order to facili'ate the work of the aforesaid workmen, the Trustees supply free cycles to each of them. Over and above the supply of free cycles, the Trustees offered Rs. 10 per month to each of them for meeting the expenses which may be incurred by them for petty repairs and maintenance of the cycles. Major repairs are carried out in the Port's Transport Depot. The cycles are also replaced from time to time when they are beyond economical repairs. The above offer was made keeping in view the existing provisions of the use of free cycles by Cycle peons attached to different departments who are required to cover a wider area than the Sanitary Sub-Inspectors and Sanitary Inspectors. Cycle

peons are paid cycle allowance of Rs. 10 per month for the purpose of maintenance and petty repairs of cycles used by them.

- 12. It appears from the pleadings that the scope of the dispute is a limited one. There is no dispute that cycles are provided by the Port Trust free of cost to the concerned workmen for their use. It is also not in dispute that at the Transport Depot of the Port Trust, the cycles are repaired tree of charge. It is common case that use of cycle is essential for the work the concerned workmen have to do and no alternative conveyance will serve the purpose. According to the workmen repair of cycles at workshop office takes a long time with the result that the workmen have to hire cycles or pay for the repairs themselves. They have claimed Rs. 50 per month as allowance for the cost of maintenance and repairs of cycles in lieu of free cycles and free repairs at the workshop. They are also claiming this allowance on the ground that employees of the Port, similarly circumstanced and discharging similar duties are paid Rs. 30 per month as conveyance allowance. In denying them any cycle allowance the Port Trust has acted in a discriminatory manner.
- 13. On behalf of the concerned workmen Sri Debdas Barman, a Sanitary Sub-Inspector deposed before the tribunal. He is a member of the Calcutta Port Shramik Union. His evidence is that the duties of a Sanitary Sub-Inspector are manual, technical and clerical. He has to enter lanes and byelanes apart from the main streets. He has to inspect drains on occasions; he has to see that refuse dumps are disposed of promptly; he has also to attend the office. One of hig duties is to inoculate or vaccinate. The deponent has to report for duty at 6 a.m. Outdoor duties have to be done from 6 a.m. to 10 a.m. and again from 3 p.m. to 5 p.m. After 5 O'clock he has no duty. The Port Trust provides the Sanitary Inspectors end Sub-Inspectors with cycles for official use. There is a central Transport Depot of the Port Trust where cycles of employees are repaired. The disadvantages of repairing cycles at the Transport Depot are many. If anything goes wrong with the cycle at a spot far away from of repairing cycles at the Transport Depot are many. It anything goes wrong with the cycle at a spot far away from the central workshop, the cycle has to be carried to the workshop which involves a great deal of time. In the alternative, repairs have to be done on the spot for which the workmen has to pay the cost himself. The deponent is using a cycle of 1947. It is a Hercules cycle. He said he spent Rs. 45 for the month of January, 1979 on his cycle on painting and oiling. He does not have any bills. He said that sometimes repairs are held up at the Central workshop for six months, eight months or may be two years. Recently he went to the workshop for repairing a bell and changing the handle bar. He was told that bell accessories were not available. Handlebar was also not available. He was not in a position to say what are the prices of cycle accessories, as for example, of a chain, a freesheel or a hub. In crossexamination, he said that Sani'ary Sub-Inspectors and Inspectors have free quarters and when they do not have residence to his place of work, once in the morning and once in the afternoon. In December, 1978 his cycle was held up for repairs for a week. He did not intimate to the management or any officer in the employment of the Port that he had spent anything on repairs. When his cycle was not available he did his duty by using public transport and sometimes by walking. He is posted in Taratala area where he has to supervise the work of about 60 conservancy staff. He was not in a position to say what is the average mileage he has to cover every month. He has no idea how long a cycle lasts with usual repairs. He never had a cycle of his own.
- 14. Sri Ajoy Kumar Mallick, a Sanitary Inspector also gave evidence. He said Sanitary Inspectors have to look after the sanitary condition of roads. Their duty hours are from 6 a.m. to 10 a.m. and again from 3 p.m. to 5 p.m. His area at present is Hyde road, Kidderpore, frome Brace Bridge station to Majherhat station and Brace Bridge to the Docks. He said that repairs of cycles are not promptly done. Sometimes the cycle remains idle for months, Sometimes the workman has to repair the cycle himself and pay for it. Sometimes one has to take a cycle on bire. Once they approached the Commissioners for payment of cycle hire which they had incurred but payment was refused. He referred to a circular dated 5th February, 1967 issued by the Health Officer to all Sanitary Inspectors and Sub-Inspectors. By

that circular it was notified that in the absence of prior administrative approval no claim for payment of hire of private cycles could be entertained. He said that Land Inspectors and Welfare Inspectors have free cycles as well as cycle allowance.

- 15. In cross-examination he said that he is occupying rent free quarters. He rides a Hercules cycle. He has been riding it since 1960. He did not know the price of a new cycle. He said that when a cycle is in a very bad shape, repairs may take a long time. When tyres and tubes go out of order it takes a long time to repair them. On those occasions he has to hire a cycle. He said that he has to hire a cycle on the average 4 and 5 times a week and has to spend Rs. 60 to Rs. 70 per month on cycle hire. He got receipts but he could not produce any. He also does not keep any account of these payments. He said that he heard that cycle peons were paid Rs. 10 per month as cycle allowance and now they are having Rs. 15 a month.
- 16. Sri Pabitra Kanta Banerjee Chowdhury, Director of Conservancy, Calcutta Corporation was produced on behalf of the workmen to give evidence. In connection with his evidence reference may be made to the letter dated 15th February, 1979 from the Health Officer, Calcutta Port Trust to the Sub-Deputy Commissioner of Conservancy, Corporation of Calcutta, Ext. M-3. The letter reads:

# "CALCUTTA PORT TRUST Health Officer's Office

No. HO/Est./2

Dated 15 February, 1979.

From:

Dr. B. N. Das, Health Officer, Calcutta Port Trust, No. 3 Gate K. P. Docks, Cal-23.

To:

The Special Deputy Commissioner of Conservancy, The Corporation of Calcutta, Entally Market Buildings, 1st Floor, Calcutta.

Sub: Cycle allowance for Supervisor of Convervancy Staff

I shall be obliged if you kindly let me know whether:

- Cycles are supplied by the Corporation to the above category of staff.
- 1A. If so, whether any allowance is given to them for maintenance of the cycle.
  - If no cycle is given whether any special allowance is senctioned in lieu of the same.

The approximate mileage that a Conservancy Supervisory staff is expected to move around in his daily work.

The scale of pay of similar category of staff in the Calcutta Porst Trust is

- (i) Sanitary Inspector—600-15-675-EB-20-875-EB-25-1000.
- (ii) Sanitary Sub-Inspector—465-10-515-EB-12-635-EB-15-725.

Yours faithfully, B. N. DAS, Health Officer Calcutta Port Trust."

The letter was answered by the deponent by a letter dated 2nd March, 1979, Ext. M-2, which is set out hereunder:

"THE CORPORATION OF CALCUTTA Directorate of Conservancy, 156, Archarya Jagdish Ch. Bose Road, 1st Floor, Calcutta-14.

Dated the 2nd/3rd March, 1979

From:

Shri P. K. Banerjee Choudhury, Director (Conservancy).

To:

Dr. B. N. Das, Health Officer, Calcutta Porst Trust, No. 3 Gate K. P. Docks, Calcutta-23.

Ref: Cycle allowance for supervisor of conservancy staff Dear Sir,

I have to refer to your letter No. HO/Est/2 dated 15-2-79 in connection with above. The replies to your queries are as follows:

- At present no bi-cycle are supplied to our conservancy overseers and conservancy supervisors. However, we contemplate to supply bi-cycle after purchasing those through CMDA.
- 1A. As no bi-cycles are supplied from Corporation at present, question of payment of any allowance for maintenance of the bi-cycle does not arise.
- A bi-cycle allowance of Rs. 30 per month to conservancy overseers and sub-overseers are paid. Motor Byke allowance or scooter allowance of Rs. 108 are paid to Conservancy Supervisors who maintain such Motor Byke or Scooter.
- 3. Conservancy Overseers and Conservancy Supervisors are expected to move around 10 k.m. and 25 k.m. respectively to a minimum but this limit cannot be fixed as a rule because in certain cases they are required to move more according to the exigencies.

Yours faithfully,

P. K. BANERJEE CHOUDHURY, Director (Conservator)"

17. Sri Banerjee Choudhury stated that for the purpose of supervision of roads for sweeping and collection of garbage the Corporation employ Block Sarkars. The city is divided into seven districts. Each district contains seven wards and each ward contains seven blocks. Block is the lowest unit and there is a Block Sarkar in charge of each block. On top of Block Sarkars there are Sub-overseers in some cases and Overseers in other cases. If the Sub-overseers and Overseers maintain cycles, they are paid a cycle allowance. Block sarkars are not paid any cycle allowance. There are Sanitary Inspectors in the employment of the Corporation. They have nothing to do with the Conservancy department. They belong to the Health Department. He had no knowledge whether Sanitary Inspectors are paid cycle allowance or not as they do not belong to his department. He said he had nothing to add to his letter of March 2, 1979.

18. A number of documents have been made exhibits in this case. These include price lists of cycles and cycle accessories published in Daily Calcutta Cycle Samachar, a trade journal Ext. W-14 and W-15 and Resolutions passed by the Commissioners for the Port of Calcutta by which conveyance allowance was decided to be paid to certain categories of employees. It appears from the trade journal, to which I have referred, that the price of a standard cycle like Hero or Atlas is in the neighbourhood of Rs. 300/- and a quality cycle like Harcules or Phillips is Rs.390/-. These were the ruling prices on November 30, 1978. It is common knowledge and in fact there is evidence that a cycle lasts a long time although replacements of certain parts have to be made from time to time. Tyres and Tubes are subject to wear and tear and need repair and replacement at intervals. It is necessary to make a distinction between conveyance allowance and cycle allowance. Conveyance allowance made conveyance allowance and cycle allowance does not contemplate travel by any transport fares and may also include taxi hire on occasions. Cycle allowance does not contemplate travel by any transport other than a bi-cycle which is proverbially known as the poor man's conveyance. It is admittedly an economical and convenient mode of transport which has made it popular everywhere.

19. It appears from Ext. M-4 that the Port Commissioners decided by a Resolution dated 31st July, 1967 to pay Rs. 30 as conveyance allowance to selection grade clerks who have to visit frequently railway booking offices and air offices in connection with purchase of railway and air tickets for Port Commissioner's officers and their guests. Again by resolution No. 701 dated 1st May, 1969, Ext. M-5, sanction to conveyance allowance of Rs. 30 per month was accorded for certain employees of the Vigilance

and Watch and Ward Section. By a resolution dated 31st October, 1968, Ext. M-6, conveyance allowance of Rs. 30 per month was sanctioned in the case of Investigators in the Vigilance section. By a resolution dated 26th February, 1965, Ext. M-7, conveyance allowance of Rs. 30 per month was sanctioned for payment to a Junior Welfare Inspector. By a resolution dated 30th May, 1966, Ext. M-8, conveyance allowance payable to Law Assistants under the Legal Advisors was raised from Rs. 30 to Rs. 50 per month. It is on record however that the Law Assistants maintained log books. It appears from a Resolution dated 29th August, 1968 Ext. M-10 that Land Inspectors are paid Rs. 30 per month as conveyance allowance. By a resolution dated 30th December, 1968, Ext. M-12, Senior Upper Division clerks attached to Income Tax Unit of the Financial Advisor and Chief Accounts Officer who are required to attend Income Tax office in connection with official matters were granted conveyance allowance of Rs. 30 per month. By a resolution dated 15th Februrary, 1950, Ext. M-13, Supervisors on the Fumigating Staff were sanctioned a conveyance allowance of Rs. 30 per month. By a resolution dated 29th August, 1966 Ext. M-14, it was decided to pay conveyance of Rs. 30 per month to the Health Visitors attached to the Chest Clinic under the Chief Medical officer.

20. Only two exhibits refer to cycle allowance, Ext. M-9 and M-15. By a resolution No.1375 dated 22nd September, 1958, Ext.M-9, sanction was accorded to payment of conveyance allowance of Rs. 30 per month to I.V. Wharves Inspectors of the Traffic Department. It is made clear in the resolution that I.V. Wharves Inspectors were provided with free cycles. They did not however get a conveyance allowance of Rs.30 per month. The scale of pay of I.V. Wharves Inspectors, Land Inspectors and Welfare Inspectors is the same viz. Rs.200-10300 and the incumbents of these posts are required to perform out-door duties. The proposal was intended to bring the I.V. Wharves Inspectors on par with the Land Inspectors and the Welfare Inspectors, I.and Inspectors and Welfare Inspectors, Land Inspectors and Welfare Inspectors became entitled to conveyance allowance only and no free bi-cycle under that Resolution. The other instance of payment of cycle allowance will be found in Ext.M-15 which is an extract from the minutes of the meeting of the Commissioners for the Port of Calcutta held on 24th September, 1973. It appears from those minutes that cycle allowance was raised from Rs. 5 per month to Rs. 10 per month in respect of certain categories of Port and Dock workers.

21. Srl R. N. Chanda, Assistant General Secretary of the Union, referred to a Manual published by the Government of Bengal. Public Health Department, 1934 under the title "Bengal Rural Public Health Organisation". At page 109 of the manual it is stated that the Government had recognised travelling allowance at the rate of Rs. 20 per month for Sanitary Inspecors.

22. It seems to me that the rate of conveyance allowance or travelling allowance paid to employees in different fields and for different purposes are of very limited assistance in determination of cycle allowance payable to Sanitary Inspectors and Sub-Inspectors of the Health Section of the Calcutta Port Trust. Cycles are at present provided by the Port Trust for use of Sanitary Inspectors and Sub-Inspectors. It appears from Ext. M-9 that I.V. Wharves Inspectors of the Traffic department were granted conveyance allowance of Rs. 30 per month by a resolution dated 22nd December, 1958. It is however recorded that the facility of free cycles which they used to enjoy at that time were withdrawn. There is evidence that cycle peons are paid Rs. 10 per month and certain categories of Port & Dock workers are also paid Rs. 10 per month. The Sanitary Inspectors and Sub-Inspectors are asking for Rs. 50 per month as cycle allowance on withdrawal of free

cycles. The price of a standard cycle with fittings as per price list will be about Rs. 350. The Sanitary Inspectors and Sub-Inspectors do not have to purchase their cycles. really required in the interest of the workmen as well as the service of the Port Trust is that repairs are made promptly and the workmen do not have to pay for the repairs out of their own funds. Likewise, replacements have to be made available promptly so that the cycle does not have to remain idle causing inconvenience to workmen and prejudice to the maintenance of health services of the Port Trust. Evidence has been given by Sri Debdas Barman, Sanitary Sub-Inspector and by Ajoy Kr. Mallick, Sanitary Inspector that the Transport Depot of the Port Trust which undertakes repairs free of cost takes an unreasonably long time to do the jobs. That evidence has not been contradicted. There is also evidence that occasionally workmen have to pay for minor repairs from their own pockets. I cannot however accept the evidence of Ajoy Kr. Mallick that he spends Rs. 60 to Rs. 70 per month on cycle hire and that he has to hire a cycle on the average four to five times a week. It only shows that he was not truthful. He could not produce any bills nor could he give any particulars of cycles hired or of repairs made for which he had to pay. Likewise, it is difficult to accept the evidence of D. Barman that he spent Rs. 45 in January, 1979 on oiling and painting. He could not produce any bill nor was he in a position to give particulars of the work done. These workmen were stating their case much too high. The truth of the matter is that they have to spend petty sums of money, on occasions, for minor repairs. No complaint in writing was made that the Sanitary Inspectors and Sub-Inspectors had been spending on repairs. In any event, no particulars have been given anywhere of what expenses, if any, have been incurred by the workmen on repair or on hire. It is therefore not unreasonable to conclude that the sums spent on repairs are not large. Only on one occasion they claimed hire charges on the basis that they had to hire cycles for official use. that the reply was that hire charges could not be paid without prior approval, Exts. W-1 and W-2. In July, 1976 the Port Trust offered to pay Rs. 10 per month as cycle allowance. To that the Union did not agree, Ext. W-5.

23. I feel that the present system of providing free cycles to Sanitary Inspectors and Sanitary Sub-Inspectors and the provision for free repairs in the Transport Depot or the Central workshop of the Port Trust have not outlived their utility. Free cycles will be provided by the Port Trust and the facilities for free repairs will continue as at present. Taking everything into consideration, I propose to award a sum of Rs. 25 per month as cycle allowance to Sanitary Inspectors and Sub-Inspectors. I should like to make it clear that this award, in my opinion, meets the justice of the case amply and leaves a fair margin to provide for all reasonable contingencies. I do not propose to recommend any cycle allowance with retrospective effect.

24. I, therefore, hold that the demand of Sanitary Inspectors and Sanitary Sub-Inspectors of the Health Section under the Chief Medical Officer of the Calcutta Port Trust for payment of cycle allowance is justified and award that they be paid a cycle allowance at the rate of Rs. 25 per month. Dated, Calcutta, the 19th November, 1979.
